Bo.made

Resistenza, funzionalità, modularità e piacevolezza estetica per un progetto contract che esprime tutta l'esperienza di Bodema. Il programma di sedute è dedicato a uffici e spazi collettivi di grande passaggio, come sale d'attesa, lobby, lounge e reception. La selezione di materiali e imbottiture punta sulla robustezza e durata nel tempo. I rivestimenti sono tagliati e sagomati in modo da essere facilmente sfoderabili e lavabili. Bo.made evita ogni rigidità visiva. Il design gioca sulle linee curve, dando forma a composizioni accoglienti e originali. Il programma, molto completo e flessibile, comprende pouf di varie dimensioni e forme, elementi centrali e angolari, poltrone e poltroncine, divani da due e più posti.

Durability, functionality, modularity and aesthetic pleasantness for a contract project that expresses all Bodema experience. The seating system is dedicated to offices and high traffic public areas such as waiting rooms, lobbies, lounges and receptions. The selection of materials and upholsteries focuses on strength and durability. Coverings are cut and shaped so as to be easily removable and washable. Bo.made avoids any visual rigidity. The design plays on curved lines, by shaping comfortable and original compositions. This very complete and flexible program includes ottomans in many dimensions and shapes, central and corner elements, armchairs and small armchairs, sofas for two or more seats.
